# WHO WE ARE ?

At Prakruti, we are more than just a company - we are pioneers of change, architects of sustainability, and advocates for a greener tomorrow. Our foundation is built on the profound belief that businesses have the power and responsibility to contribute positively to the world we live in.

## OUR MISSION

Prakruti was founded with a mission to lead the way in fostering a Circular Economy and championing Biodegradability. We understand the urgency of addressing environmental challenges and strive to create a positive impact through our products and services. Our commitment is rooted in the principles of environmental stewardship, sustainable practices, and a relentless pursuit of innovation.
